DDD will contact you if additional information is needed.</i>	• Psychological Evaluations (with IQ Scores) • Speech / OT / PT Evaluations • Neurological Evaluations • Psychiatric Evaluations • Child Study Team Reports • Hospital Records • DVRS Assessments • Social Summaries • Most Recent IEP • All Available Psychological Reports

NJCAT Assessment

After DDD has received and reviewed the application and documentation, and the above information has been satisfied (up to and including a face-to-face interview, if deemed appropriate by intake staff), DDD will schedule the individual for a New Jersey Comprehensive Assessment Tool (NJCAT). This step is now completed as part of DDD's internal Intake Worker review process rather than being a document the applicant gathers in advance.
